Seraphin, a division of Pemberton Fabricators Inc has signed an agreement with Mr Harvey Fischer to grant his company, Test Measure Repair, the official designation as repair facility for all Seraphin Test Measure equipment and Accessories. The official agreement was signed April 2, 2015.

Based on Mr. Fishcher's extensive background of Weights and Measures applications and history of repairs to existing equipment we felt it was a perfect fit for both parties. Mr. Fischer has access to all of Seraphin's parts and knowledgebase and we look forward to a bright future together.

We will refer anyone needing repairs done to their units as well as getting the word out that Test Measure Repair is the **Official Repair Provider** for Seraphin.

Sincerely

Ron Gibson
Sales Engineer
Seraphin Inc.
