Please read all materials before preparing and submitting the application. Failure to follow the instructions and requirements described in this Request for Grant Application (RFGA) may result in the disqualification of the application.
Statement of Purpose

This Request for Grant Applications (RFGA) is issued pursuant to Texas Agriculture Code (“Code”), Section 12.002, which authorizes Texas Department of Agriculture (TDA) to encourage the proper development and promotion of agriculture, and Section 18.002, which authorizes TDA to create and administer a program for the administration and enforcement of standards related to organic agricultural products, including certification of persons who produce, process, distribute, or handle organic agricultural products, including certification. TDA hereby requests applications for the National Organic Certification Cost Share Program (NOCCSP) designed to assist Texas producers and handlers with the cost of organic certification.

Program Authority

The NOCCSP is authorized under section 10606(d) of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 6523(d)), as amended by section 10004(c) of the Agriculture Act of 2014 (2014 Farm Bill; Pub. L. 113–79) and Section 10105 of the Agricultural Improvement Act of 2018 (2018 Farm Bill, Pub. L. 115–334). Under this authority, Congress authorizes USDA to provide organic certification cost share assistance to producers and handlers of agricultural products who are obtaining certification under the National Organic Program. These producers and handlers may be located within the 50 United States, the District of Columbia, and five U.S. Territories including the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

Eligibility

An applicant must be a Texas-based business that produces or handles organic crops. Operations must possess current USDA organic certification to be eligible to receive reimbursements. This means operations either (i) must have successfully received their initial USDA organic certification from a USDA-accredited certifying agent or (ii) must have incurred expenses related to the renewal of their USDA organic certification from a USDA-accredited certifying agent between October 1, 2022 and September 30, 2023. Operations with suspended, revoked, or withdrawn organic certifications are ineligible for cost share reimbursement. The applicable National Organic Program (NOP) regulations and resources for certification are available on the NOP website at www.ams.usda.gov/nop.

Organic operations, certified to the scopes of crops, wild crops, and/or livestock; and/or handlers are eligible to participate in the NOCCSP.

WARNING: The Farm Service Agency (FSA) is also offering this National Organic Certification Cost Share Program (NOCCSP). Eligible entities described above may only receive ONE cost-share per organic certificate or category of certification from TDA or FSA, not both. TDA will work with FSA to ensure duplicate awards are not made. If a duplicate award is made, FSA will be the agency to seek collections.
