Failure to follow the instructions and requirements described in this Request for Grant Applications (RFGA) may result in the disqualification. In such case, the application will receive no further consideration for either award or grant funding.
Statement of Purpose

This Request for Grant Applications (RFGA) is issued pursuant to Texas Agriculture Code, §§48.001-48.005, and Texas Administrative Code (TAC), Title 4, Part 1, Chapter 1, Subchapter L, §§1.800 - 1.804. TDA hereby requests applications for grants to fund agricultural projects designed to foster understanding and awareness of agriculture in public elementary and middle school students, to be conducted during the period of August 1, 2022 through September 30, 2023, from certain Texas urban school districts or nonprofit organizations that partner with these schools. TDA reserves the discretion and authority to make multiple grant awards under the terms of this RFGA. TDA further reserves the discretion and authority to make no awards under the terms of this RFGA or to cancel or withdraw this RFGA at any time.

Agriculture is defined as the science, art, or practice of cultivating the soil, producing crops, raising livestock, and in varying degrees the preparation and marketing of the resulting products. TDA encourages schools to consider partnerships with agricultural organizations, such as local Master Gardener programs or 4-H or National FFA Organization clubs. Projects funded must be dedicated to education and/or awareness of agriculture in public elementary and middle school students in certain urban school districts in Texas and should be designed to improve students’ understanding, awareness, and appreciation of agriculture.

Urban School Agricultural Grant Program funds may be used for projects such as the following:

- School gardens
- Classroom agriculture projects
- Small scale livestock projects
- Field trips
  - Livestock shows
  - Farmers’ markets
  - Farms and Ranches
- Guest speakers discussing role in agriculture
- After school projects

Additional non-comprehensive project ideas and resources can be found on page 7.

Grantee Responsibilities and Accountability

Selected applicants (grantees), if any, will be responsible for the conduct of the project supported by the Urban Schools Agricultural Grant Program and for the results achieved. Each grantee shall monitor the day-to-day performance of the grant project to assure adherence to statutes, regulations, and grant terms and conditions. The grantee must carry out the activities described in the approved scope of work.
The grantee will be accountable for documenting the use of grant funds and must ensure funds are used solely for authorized purposes. The grantee must ensure:

- Funds are used only for activities covered by the approved project;
- Funds are not used in violation of the restrictions and prohibitions of applicable statutes; and
- All budget and performance reports are completed in a timely manner.

Each grantee must ensure it has an adequate accounting system in place and good internal controls to ensure expenditures and reimbursements are reported and maintained for four (4) years after the conclusion of the project, or longer if required by TDA.

**Funding Parameters**

Selected grant projects, if any, under this RFGA will receive funding on a cost-reimbursement basis. Funds will not be given in advance to grantees. Grantees must have the financial capacity to pay for all costs up front.

Grant awards, if any, are subject to the availability of funds. If no funds are appropriated or collected for this purpose, applicants will be informed accordingly.

Eligible school districts should submit a single application. The application will require the school district to list participating campus names and the requested amount of grant funds per campus. School districts and non-profit organizations are limited to a maximum grant award of $10,000 each; a single school campus may not receive more than $2,500. Please note that beautification projects are not eligible for consideration for purposes of this RFGA.

**Term of Funding or Duration of Projects**

TDA anticipates that a Notice of Grant Award will be made on or around July 2022, or as soon thereafter as practical. All approved grant projects will have an anticipated grant term of August 1, 2022, to September 30, 2023.

**Application Requirements**

Applications must be submitted in TDA’s new online Grant Application/Management system called TDA-GO no later than 11:59 p.m. CST on Thursday, May 5, 2022.

Evaluation And Selection Information

An administrative review will be conducted by TDA agency staff to determine whether the application is adequately responsive to the requirements of this RFGA. Only those responsive applications submitted by eligible applicants will be considered and evaluated under this RFGA.

Late applications or applicants that do not meet the minimum requirements of this RFGA or the grant program will be subject to disqualification and will receive no further consideration for funding.

Based on the requirements set forth above, an evaluation panel appointed by TDA will evaluate those eligible applications received by the deadline set forth in this RFGA. The panel will review the applications and make recommendations for award and appropriate funding under this RFGA. In accordance with 4 TAC §1.803, the evaluation panel will consist of: one representative from TDA; one individual with
experience or expertise in elementary and/or middle school curriculum development; one representative from each of the following industries: livestock, specialty crop, row crop and horticulture; and one representative of the Texas A&M AgriLife Extension Service. TDA reserves the discretion to appoint one or more technical advisors or experts to the evaluation panel for technical advice only; such panel members, if any, may not score applications unless substitute evaluation panel participation is necessary.

After receiving the evaluation panel’s recommendations, TDA will rank the applications based on various factors, including the criteria set forth below and the project’s potential impact on students, to determine which projects may be selected and awarded for funding, if any. **Please note that beautification projects are not eligible for consideration or award under the terms of this RFGA.**

Applications will be evaluated based on the following criteria:

1) **Agricultural Education Component** – The project’s ability to increase the students’ understanding of agriculture and the role it plays in their daily lives.

2) **Achievability of the Proposed Project and Objectives** - Whether the project will feasibly meet anticipated project results that support the project’s purpose and program objectives.

3) **Reach** - Number of students exposed to agriculture through the project and quantity of time.

4) **Project Budget** – Reasonable budget request and allocation to support the students’ education through the project.

5) **Sustainability and Longevity of the Project** – Whether the applicant can sustain project benefits long-term and whether the project will provide lasting benefits to the students.

6) **Historical Performance/Participation** – TDA may consider the applicant’s performance on a previous grant, as well as whether the applicant has a current open TDA grant. An award is considered open until it has reached the grant end date stated in the agreement.

**Reporting Requirements**

Selected applicants, if any, will be required to submit periodic performance reports. Reporting timelines will be incorporated into the grant agreement. As part of TDA’s ongoing monitoring of grant funds, grantees must demonstrate progress toward achieving project goals. Failure to comply with reporting requirements may result in the withholding of requests for reimbursement and/or termination of the grant agreement or award.

*Performance Reports* must be in a narrative format, no more than three (3) pages in length and detail the accomplishments of the project objectives for that period.

The *Final Performance Report* is due thirty (30) days after project completion or termination of the grant agreement, whichever occurs first. This report must be in a narrative format as prescribed by TDA and is subject to review and final acceptance by TDA.
General Information

Selected applicants will receive a Notice of Grant Award (NGA) letter and an official Grant Agreement from TDA. The NGA is not legally binding until a grant agreement is fully executed.

TDA reserves the right to fund projects partially or fully. TDA reserves the right to negotiate individual elements of any application and to reject any and all applications. Where more than one application is acceptable for funding, TDA may request cooperation between grantees or revisions/adjustments to an application in order to avoid duplication and to realize the maximum benefit to the state. Selected projects will receive funding on a cost-reimbursement basis.

Applications
TDA reserves the right to reject all applications and is not liable for costs incurred by the applicant in the development, submission, or review of the application, or costs incurred by the applicant prior to the effective date of the grant agreement.

Right to Amend or Terminate Program
TDA reserves the right to alter, amend, or clarify any provisions, terms, or conditions of this program or any grant awarded as a result thereof, or to terminate this program at any time prior to the execution of an agreement, if TDA deems any such action to be in the best interest of TDA and of the State of Texas. The decision of TDA will be administratively final in this regard.

Proprietary Information/Public Information
Each applicant is responsible for clearly designating any portion of the application that contains proprietary or trade secret information and must state the reason(s) the information is designated as such. Merely making a blanket claim that the entire application is protected from disclosure because it contains proprietary or trade secret information is not acceptable and may subject the entire application to release under the Texas Public Information Act.

In the event that a public information request for the application is received, TDA shall process such request in accordance with §552.305 of the Texas Government Code. Applicants are advised to consult with their legal counsel regarding disclosure issues and to take appropriate precautions to safeguard trade secrets or any other proprietary information.

All applications submitted under this program are subject to release as public information, unless the application or specific parts of any such application can be shown to be exempt from disclosure under the Texas Public Information Act, Chapter 552 of the Government Code.

Grantee Requirements

1. Grantee (an applicant who receives a grant under this program) must comply with TDA’s reporting requirements and financial procedures outlined in the grant agreement. Any delegation by a grantee to a subcontractor regarding any duties and responsibilities imposed by the grant award must be approved in advance by TDA and shall not relieve the grantee of its responsibilities to TDA for performance of those duties.
2. Grantee must remain in full compliance with state and federal laws and regulations. Non-compliance may result in termination of the grant or ineligibility for reimbursement of expenses.

3. Grantee must keep separate records and a bookkeeping account (with a complete record of all expenditures) for a project. Records shall be maintained for a minimum of four (4) years after the completion of the project, or as otherwise agreed upon with TDA. If any litigation, claim, negotiation, audit or other action is initiated prior to the expiration of the three-year retention period, then all records and accounts must be retained until their destruction is authorized in writing by TDA. TDA and the Texas State Auditor’s Office (SAO) reserve the right to examine all books, documents, records, and accounts relating to the project, including all electronic records, at any time throughout the duration of the agreement until all litigation, claims, negotiations, audits or other action pertaining to a grant is resolved, or until the expiration of the four-year retention period or a final judgment in litigation, whichever is longer. TDA and the SAO shall have access to: all electronic data or records pertaining to the grant project; paper or other tangible documents or records, including the physical location where records are stored; and all locations related to project activities.

4. If a grantee has a financial audit performed during the time the grantee is receiving funds from TDA, upon request, TDA shall have access to information about the audit, including the audit transmittal letter, management letter, any schedules, and the final report or result of such audit.

5. Grantees must comply with Texas Government Code, Chapter 783 (Uniform Grant and Contract Management) and the Texas Grant Management Standards (TxGMS).

**Project ideas**

Many teachers have taken the opportunity to use the Urban Schools Agricultural Grant Program to teach Texas Essential Knowledge and Skills curriculum (TEKS) in new, exciting and hands-on ways. The following list is not exhaustive, but rather an assimilation of general ideas that you may tailor to your needs or use as a starting point for your own unique ideas.

- **Animal Care** – Students could select a livestock project and become responsible for that animal’s care around the clock. This includes duty schedules during weekends and holidays, identifying costs and budget, record maintenance and preparing the animals for a livestock show or similar event. As part of the project, they could prepare photographs, video, etc. that identify the project and lessons learned. The documentation may include visits to farms and ranches to review the scope of large operations and to find lessons that apply to the school project.

- **Agriculture and the Environment** – Students may request permission to work on school property where soil quality, drainage, topsoil, pollution and/or litter problems exist. They can develop and implement a planting project (vegetables, fruit trees, etc.) that will mitigate or improve the existing problem to help make the land productive again. They can study the impact of poor land management, urbanization and pollution, and then suggest improvements.

- **School Gardens and Land Management** – Students may request permission to plant and maintain a garden on school grounds. They could include “test” areas to measure the effects of proper land management, drainage, drought, etc. on their produce. Based upon the size and output of the garden, the students could serve the “fruits of their labors” at a school function, as part of a cafeteria meal or donate it to a food bank or other community
outlet. If the students do a horticulture project, they could share the plants and flowers with nursing homes, hospitals, or find other special uses to display them. **Beautification projects are not permitted.**

- **Texas Products** – Using resources such as TDA’s GO TEXAN program or Farm Fresh Initiative, students can study the school cafeteria menu to identify whether Texas agriculture products are used. The students can work to identify local sources for the ingredients and create artistic and informative displays about Texas.

Please consider using the following suggested online resources to enhance the agriculture emphasis in your project. This list is also located on TDA’s website ([www.TexasAgriculture.gov](http://www.TexasAgriculture.gov)) by clicking the “Grants & Services” tab, “Grants Office” link, then “Urban Schools Agricultural Grant Program.” TDA strives to provide the most up to date information and periodically updates this information, as needed.

Step 1: Identifying User Access Roles
An applicant must first register as a User in TDA’s online Grant Application/Management system called TDA-GO. If the applicant organization is a new user to TDA-GO, proceed to Step 2: TDA-GO New User Set Up. If the applicant organization is already a User of the TDA-GO system and need to add additional personnel as New Users, please proceed to Step 3: Adding Users and Assigning Roles.

The TDA-GO system allows organizations to assign applicable security roles to different users. When a New User request is submitted, TDA will approve the user and apply the appropriate security role: Authorized Official, Project Director, and Consultant/Researcher.

- Authorized Official – person authorized to enter into legal agreements on behalf of the organization.
- Project Director – Personnel involved in grant administration.
- Consultant/Researcher – A third party member assisting with a single grant application or employee/researcher/staff/PIS/Professors assisting with a single grant application with in an organization.

Step 2: Registering a New User Organization in TDA-GO
The following describes how to access the TDA-GO online grant system by setting up a new account for an organization. The applicant organization must have a user account to access the Urban Schools Agricultural Grant Program application. THIS MUST BE DONE 48-72 HOURS PRIOR TO SUBMITTING AN APPLICATION!

Steps to Get Started:
- The initial registration for the organization must be completed by an Authorized Official (AO) for the organization
- Once registered, the AO can designate access to the organizational account for additional staff members as they deem appropriate.

To register a New User, complete the following steps:
1) Go to the TDA-Go website: https://tda-go.intelligrants.com/
2) Click on the New User/Organization Registration link found in the Login box on the right side of the webpage.
3) Fill in the required fields and any optional fields desired. See Legend below for specific field instructions. Click on the Save button.
Legend

First Name (Required)
Last Name (Required) – SAM&DUNS (Required) – the DUNS number for the organization. See instructions below for Consultant/Researcher role.

Adding Consultants

General Overview for Consultant Role

The TDA-GO System allows organization Staff/Researchers/PIs/Professors or third-party consultants to work directly on a particular application using the Consultant role. This role allows the organization to maintain privacy and confidentiality of all grant applications and projects in TDA-GO. The following high-level chart outlines the steps needed for the consultant to gain access to the application. See the following pages for step-by-step instructions.

Note: The Project Director role does not work for project Staff/Researchers/PIs/Professors because this role allows access all information under the Organization. This role is useful if you only want staff to have access to on application if the organization plans to submit multiple applications.
