**Application for Prequalification to Provide Administrative Services**

**IMPORTANT:** The term “respondent” refers to the individual or firm responding to this RFQ. Responses to the items in Part 1 will be posted on TDA's website with the Approved Vendor List for Grant Administrative Services. Responses to the items in Part 2 will be disclosed to participating local governments during the project-based solicitation. The applicant must verify their eligibility through the System for Award Management (SAM) and demonstrate they are not listed on the government-wide exclusion list. Attach printout(s) of verification page with date. **With the exception of SAM verification, TDA will not accept or publish any attachments to the application. A response is required for all questions.**

**Part 1**

1. Provide a brief history or background of the respondent including number of years in the business of providing grant writing and/or grant administration services.

Hanson Professional Services is a full service consulting civil and environmental engineering and architectural firm serving clients in Texas with offices in Corpus Christi, Austin, Brownsville, and Houston. Prior to joining Hanson, we have provided quality service to our clients since 1949 as Naismith Engineering, Inc. Over more than 60 years of service, NEI earned an unrivaled reputation for the quality of professional services provided to our municipal, industrial, and commercial clients.

As of September 2016, NEI has joined Hanson Professional Services Inc., a national, employee-owned consulting firm providing engineering, planning and allied services. Established in 1954, Hanson provides services to public- and private-sector clients throughout the U.S. and abroad from seven markets: aviation; federal services; government and energy; infrastructure; power and industry; railway and telecommunications. For decades, Hanson has appeared as a Top 500 design firm in Engineering News-Record's listing of premier U.S. design firms and has received numerous workplace and project-related awards.

13. Provide any additional information that the respondent feels is essential to the respondent's statement of qualifications.

Hanson brings experience, expertise, and a reputation for completing projects within budget and on time. Hanson understands the critical issues communities face, and understands the need for practical and cost effective solutions. Our professional staff has worked with communities on a variety of multi-disciplined planning, design, and construction projects throughout Texas. The project diversity acquired by our staff is valuable in evaluating project-planning options, approaches to implementation, and developing a keen sense of client needs. Hanson staff has an excellent working knowledge of funding mechanisms utilized for planning, design, and construction of public works projects. These include the Texas Parks & Wildlife Department (TPWD), Water Development Board (TWDB), Texas Commission on Environmental Quality (TCEQ), Texas Department of Agriculture (TDA), Texas Department of Rural Affairs (TDRA), U.S. Department of Agriculture - Rural Development (USDA-RD), Border Environment Cooperation Commission (BECC), North American Development Bank (NADBank), and the U.S. Environmental Protection Agency (EPA).

Providing solutions is what we do best. We take a concept or problem, identify, evaluate and design alternative cost effective remedies, and then turn those possibilities into reality.
